We are committed to protecting and preserving the privacy of our visitors when visiting our site or communicating electronically with us. This Privacy Policy contains an explanation of what happens to personal data that you choose to provide to us, or that we collect from you whilst you visit this site. We will ask you to consent to our use of cookies in accordance with the terms of this policy when you first visit our website.

Information We Collect

In running and operating this website we may collect and process certain data and information relating to you and your use of this site. This data may include your IP address, geographical location, browser type and version, operating system, referral source, length of visit, page views and website navigation paths, as well as information about the timing, frequency and pattern of your service use. The source of the usage data is Matomo analytics. This usage data may be processed for the purposes of analysing the use of the website. The legal basis for this processing is consent OR our legitimate interests, namely monitoring and improving our website and services.

Use of Cookies

A cookie is a file containing an identifier (a string of letters and numbers) that is sent by a web server to a web browser and is stored by the browser. The identifier is then sent back to the server each time the browser requests a page from the server. Cookies may be either “persistent” cookies or “session” cookies: a persistent cookie will be stored by a web browser and will remain valid until its set expiry date, unless deleted by the user before the expiry date; a session cookie, on the other hand, will expire at the end of the user session, when the web browser is closed. Cookies do not typically contain any information that personally identifies a user, but personal information that we store about you may be linked to the information stored in and obtained from cookies.

We use cookies to count visits and traffic sources so we can measure and improve the performance of our site. They help us to know which pages are the most and least popular and see how visitors move around the site. All information these cookies collect is aggregated and therefore anonymous. If you do not allow these cookies we will not know when you have visited our site, and will not be able to monitor its performance.
