

As a result of you adopting all mandatory policies under the terms of affiliation, we are pleased to provide you with a copy of the Respect in Golf logos [here](#). These logos represent your commitment to the core messages of the movement, inspiring the most welcoming environment for all to enjoy our sport.

We encourage you to proudly display the logos on your digital channels and celebrate joining a movement that is designed to encourage inclusivity, enforcing the message that there is no place in Golf for any form of discrimination.

**'We're All Golfers'** encompasses the physical, social and mental health benefits the sport brings to people of all ages, backgrounds and abilities. The series is aimed to inspire participation but also highlight the shared love of the game that brings people together across the country to play all forms of the game.

The Respect in Golf movement accreditation, consisting of adopting SafeGolf, your ED&I policy and disciplinary procedures will be renewed annually, through a self-declaration form. You will be notified leading up to your renewal date via email and your Club Support Officer will be on hand to support you to action this. During the year, your club should look to continually update records within the ED&I policy so that relevant information remains accurate as dip sampling will take place nationally throughout the year. Please note your clubs Respect in Golf approval may be withdrawn at any time if we are made aware of any changes that are not consistent with the standards of the accreditation.

Congratulations on joining the Respect in Golf movement and please do not hesitate to contact your Club Support Officer should you have any queries.

Yours sincerely
